Customized Training at LSUS Continuing Education

Customized training is available through Continuing Education based upon specific educational needs. We can assess your company’s employee training needs at your location or on our campus. We offer a variety of non-credit programs to meet your employees’ professional development needs.

Let us help you invest in your employees, and in Louisiana, with FREE training! LSUS, in partnership with the Louisiana Workforce Commission, Incumbent Worker Training program, has delivered more than $7 million free training dollars to 8,000 employees... and we want your business to be the next!

Contact us to learn more about Workforce Development and Customized training.

This is a youth enrichment program with an emphasis on STEAM - Science, Technology, Engineering, Arts, and Math. The program is designed for children in grades 4th-8th grade. Young Scholars educational enrichment summer camp is returning this year to get your child excited about learning! Explore science, technology, engineering, arts, and math (STEAM) in this fun and educational camp. This program is designed for children ages 8-14. Students will have the unique opportunity to:

- Engage in scientific demonstrations, hands-on interactive projects, guest speaker presentations, and educational activities designed to get children excited about learning
- Explore a different subject each day in an environment that is supportive and encouraging
- Experience an increased awareness and introduction to STEAM careers
- Empower students to excel academically
- Classes are taught by highly skilled Young Scholars staff with education, experience, and training in various STEAM fields.

Summer camp meets from 9am-4pm daily. Supervised free time is available from 8am-9am and 4pm-5pm to accommodate working parents. No children should be dropped off before 8am. All children must be picked up before 5pm.

STUDENTS MUST BRING A LUNCH AND DRINK EVERYDAY.

### Life Science (Grades 4-8) $189
Explore life science like never before – at the microscopic level! Collect specimens, view cells under a microscope, learn about animal habitats and life cycles, all while having the time of your life in this, hands on, interactive day camp.

**Instructors:** Young Scholars instructors
**Monday – Friday, June 5 – June 9,**
9:00am - 5:00pm
**Course #: 17MYOUFUN057**
**Register by May 30 and pay $169!**

### Medical Science (Grades 4-8) $189
Explore functions of the cardiovascular, respiratory, digestive, muscular, and skeletal systems in this informative medical science camp.

**Instructors:** Young Scholars instructors
**Monday – Friday, June 12 – June 16,**
9:00am - 5:00pm
**Course #: 17MYOUFUN058**
**Register by June 6 and pay $169!**

### Forensic Science (Grades 4-8) $189
Learn about the science involved with detective work such as DNA analysis, fingerprinting, body language, lie detector tests, and a host of other procedures. Identify and collect evidence, use clues and detailed observations while working in groups to solve kid-friendly mysteries around campus.

**Instructors:** Young Scholars instructors
**Monday – Friday, June 19 – June 23,**
9:00am - 5:00pm
**Course #: 17MYOUFUN059**
**Register by June 13 and pay $169!**

### Art in Nature (Grades 4-8) $189
Art and science collide in this fascinating camp! Explore the rainforest and other ecosystems while learning to draw and sketch animals, plants, reptiles, and other amazing creatures. Learn about their habitats, habits, and other interesting facts while creating works of art inspired by nature.

**Instructors:** Young Scholars instructors
**Monday – Friday, June 26 – June 30,**
9:00am - 5:00pm
**Course #: 17MYOUFUN060**
**Register by June 20 and pay $169!**

### Engineering Design Challenge (Grades 4-8) $155
Pretend to be an inventor while tapping into your engineering side with this fun and educational camp. Learn about the engineering design process while creating your own product. Students will work in groups and compete in design and building challenges while exercising problem solving skills. Students will be rewarded for successfully completing challenges.

**Instructors:** Young Scholars instructors
**Monday – Thursday, July 10 – July 13,**
9:00am - 5:00pm (Only 4 days)
**Course #: 18UYOUFUN061**
**Register by July 4 and pay $135!**

### STEAM Discovery I (Grades 4-8) $189
STEAM Discovery is a combination of all subjects. This week, students will explore robotics, biology, and computer technology.

**Instructors:** Young Scholars instructors
**Monday – Friday, July 17 – July 21,**
9:00am - 5:00pm
**Course #: 18UYOUFUN062**
**Register by July 11 and pay $169!**

### STEAM Discovery II (Grades 4-8) $189
Explore a different STEAM concept each day! Build a simple circuit, explore DNA extraction, chemical reactions, and more!

**Instructors:** Young Scholars instructors
**Monday – Friday, July 24 – July 28,**
9:00am - 5:00pm
**Course #: 18UYOUFUN063**
**Register by July 18 and pay $169!**
(KIDS ENGAGING IN MATH SCIENCE AND TECHNOLOGY)

NEW!!! KEMET Invasion of the Robots

The branch of technology that deals with the design, construction, operation, and application of robots.

The robots are coming! Introduce your child to STEM while they do hands on activities with electronics, coding and robotics. Robotic engineering is one of the most in demand and high paying skills of the future. Using Next Generation Science Standards, kids will work in teams to design and build different types of robots. Robotics enhances critical thinking, analytical and problem solving skills while reinforcing skills in math, physics and mechanical engineering. Kids will not just learn, but they will have fun. Each child will be able to bring home a complete robot at the end of each camp.

NEW! My Bot (Ages 5-7) $379

Introduce your child to the world of robotics. Students will complete daily hands on activities that will teach them about the Laws of Motion and mechanical engineering. Students will learn the fundamentals of coding with Scratch while building an mBot. mBot is an all-in-one solution for kids to enjoy the hands-on experience of programming, electronics, and robotics.

Instructors: KEMET instructors

Monday – Friday, June 5 – June 16, 8:00am - 12:00pm
Course #: 17MYOUFUN022
Register by May 30 and pay $359!

NEW! Bot Squad (Ages 8-10) $379

Get ready, get set and go. Race into the world of robotic competition. In this session students will create a mobile robot. The students will work in teams to complete daily activities that teach them basic concepts in mechanical, electrical and computer engineering. Kids will learn how to implement ledes, levers, pulleys and wheels and axles. Each concept will be used to create a mobile robot that students can manipulate through an obstacle course. Students will use a drag-and-drop program with Raspberry Pi in order to create their robot.

Instructors: KEMET instructors

Monday – Friday, June 19 – June 30, 8:00am - 12:00pm
Course #: 17MYOUFUN023
Register by June 13 and pay $359!

NEW! Star Wars (Ages 11-13) $343

Imagine, Design and Create! The student’s mission is to create a mobile space exploration robot that can be used to explore an unknown planet. Students will work in teams to complete daily activities that teach them basic concepts and mechanical, electrical and computer engineering. Students will learn how to implement ledes, levers, pulleys and wheels and axles. Each daily activity will give students the skills needed to design and create a mobile robot that can be used to navigate dangerous terrain. Students will use a drag-and-drop program with Raspberry Pi in order to create their robot.

Instructors: KEMET instructors

Monday – Friday, July 10 – July 21, (Skip 7/14) 8:00am - 12:00pm
Course #: 18UYOUFUN024
Register by July 4 and pay $323!

NEW! Drone Wars (Ages 14-17) $379

It’s a bird, it’s a plane, and no it’s an unmanned aerial vehicle (UAV). Welcome to the world of drones. Drone’s popularity have increased substantially within the last 10 years. Not only are they instrumental for military use, drones are used to cover sporting events, news events, and so much more. Drones are changing everyday life. During this session, students will work in teams to complete daily activities that will teach them the basics of mechanical, electrical and computer engineering. Each activity will be built upon in order for student’s to create an aerial drone. Students will use Raspberry Pi, various sensors, and a drop and drag program to create and operate their drones.

Instructors: KEMET instructors

Monday – Friday, July 24 – August 4, 8:00am - 12:00pm
Course #: 18UYOUFUN025
Register by July 18 and pay $359!

NEW! KEMET Summer of Coding (Ages 8-10) $329

Do you like to play video games? Have you ever wanted to make your own video game? If so, this camp is for you! Evolve your gaming into making your own games. Students are introduced to coding using Scratch, a drop and drag program that introduces students to the world of coding. Students will do daily activities, like, learning how to create art, music, and an interesting storyline to make games to share with the world. While having fun, students will learn how algorithms, conditionals, coordinates, loops and events help create games. For more information, visit www.kemetsc.org

Instructors: KEMET instructors

Monday – Friday, June 5 – June 16, 1:00pm - 5:00pm
Course #: 17MYOUFUN026
Register by May 30 and pay $309!
NEW! KEMET Summer of Coding (Ages 11-13) $329

Do you like to play video games? Have you ever wanted to make your own video game? If so, this camp is for you! Evolve your gaming into making your own games. Students are introduced to coding using Scratch, a drop and drag program that introduces students to the world of coding. Students will do daily activities, like learning how to create art, music, and an interesting storyline to make games to share with the world. While having fun, students will learn how algorithms, conditionals, coordinates, loops and events help create games. Students will be introduced to C# a programming language that is used in the gaming industry. Students will use the Unity Gaming Engine in order to create a game that they will be able to take home and play online or on any Xbox 360 compatible device. For more information, visit www.kemetmsc.org

Instructors: KEMET instructors
Monday – Friday, June 19 – June 30, 1:00pm - 5:00pm
Course #: 17MYOUFUN027
Register by June 13 and pay $309!

NEW! KEMET Summer of Coding (Ages 14-17) $298

Do you like to play video games? Have you ever wanted to make your own video game? If so, this camp is for you! Evolve your gaming into making your own games. Students are introduced to coding using Scratch, a drop and drag program that introduces students to the world of coding. Students will do daily activities, like learning how to create art, music, and an interesting storyline to make games to share with the world. Course #: 17MYOUFUN027
Register by June 13 and pay $309!
NEW! Keyboarding: More than $259
Just Typing (Grades 3rd-12th)

Does your child feel uncomfortable in the computer lab class? Does your high school student fear having to type assigned research papers or book reports? If so, this week-long camp is for them. (Note: Bring a sack lunch, snacks, and a drink each day OR preorder lunches and drinks for the week. Check the website for more details.)

Instructors: Dr. Norma F. Lee

Session 1:
Monday-Friday, June 26 – June 30, 9:00am - 4:00pm
Course #: 17MCMPBEG040
Register by June 20 and pay $239!

Session 2:
Monday-Friday, July 24 – July 28, 9:00am - 4:00pm
Course #: 18UCMPBEG041
Register by July 18 and pay $239!

Session 3:
Monday-Friday, July 31 – August 4, 9:00am - 4:00pm
Course #: 18UCMPBEG042
Register by July 25 and pay $239!

NEW! Super Sitters $95

LSUS and Willis Knighton Medical Center have partnered together to bring you this great course to prepare your child to be the best baby sitter in town. Participants will receive a CPR Family & Friends certificate, a babysitting certificate, and a Babysitters Training Handbook from the American Red Cross that offers a ton of great information. Breakfast and lunch are provided. During the class, attendees will review a Babysitting 101 PowerPoint presentation and a related DVD and worksheet, short quiz, Safety Town discussion about safety, a video clip showing how to change a diaper, hands on demonstration of changing a diaper and holding a baby, and CPR instruction provided by our trainers. The class is located at the WK Innovation Center in the Banquet room. The participants receive a “To Do” folder that includes: Play-Doh artwork sheet, coloring pages, butterfly snack bag recipe, Fire Safety Activity booklet, and more to use with the kids.

Instructor: Willis Knighton Medical Center

Session 1:
Friday, June 23, 8:00am – 12:00pm
Course #: 17MYOUFUN086
Register by June 17 and pay $75!

Session 2:
Friday, July 7, 8:00am – 12:00pm
Course #: 18UYOUFUN087
Register by July 1 and pay $75!

Session 3:
Saturday, August 19, 8:00am – 12:00pm
Course #: 18UYOUFUN088
Register by August 13 and pay $75!

Skin Care 101 (Ages 13-17) $189

In this course, you will learn each skin type and basic skin conditions. The course will build upon knowing each skin type to achieve maximum results, product usage, and basic ingredients to help with healthy skin.

Instructors: Maria Davis

Session 1
Monday-Friday, May 22 – May 26, 12:00pm - 4:00pm
Course #: 17MYOUCUL015
Register by May 16 and pay $169!

Session 2
Monday-Friday, June 19 – June 23, 12:00pm - 4:00pm
Course #: 17MYOUCUL016
Register by June 13 and pay $169!

Session 3
Monday-Friday, July 24 – July 28, 12:00pm - 4:00pm
Course #: 18UYOUCUL017
Register by July 18 and pay $169!

Sports Camps

Soccer with Radi Baltov $219
(Ages 10-13)

Ever dream of becoming a world-class soccer player? Let former professional soccer player and Coach Radi Baltov show you how your dreams can start right here! Equipment: Players are required to bring their own soccer ball, shin guards, and shoes. The soccer ball should be FIFA approved and have the player’s name on it. Soccer ball sizes are 3, 4, and 5. (Note: Bring a sack lunch each day and lots of water.)

Instructor: Radi Baltov

Monday – Thursday, June 26- June 29, 9:30am- 3:30pm
Course #: 17MYOUSPT016
Register by June 20 and pay $199!

LSUS Pilots Sports Camps

Basketball Camp-Ball Handling/Shooting

This class will be on our website soon. For any questions, please contact Kyle Blankenship at 318-798-4110 or email him at kyle.blankenship@lsus.edu

Baseball Total Skills Camp $125
(Ages 5-13)

Session 1
Monday-Thursday, June 5 – June 8, 9:00am - 12:00pm
Course #: 17MYOUSPT007

Session 2
Monday-Thursday, June 12 – June 15, 9:00am - 12:00pm
Course #: 17MYOUSPT080

Culinary for Kids

Cake Decorating for Kids $139
(Ages 10-17)

Hey kids! Be your own Cake Boss! Learn how to decorate a cake. This yummy class is sure to be a treat! With this class you will get your own kit to take home to make your own creations.

Instructor: Linda DeMann, MA

Tuesdays & Thursdays, June 20 & June 22, 10:00am - 12:00pm
Course #: 17MYOUCUL015
Register by June 14 and pay $119!
Healthcare/Medical

Medical Transcription A – Z: $1,115
A Premier Home Study Course

Healthcare is one of the largest industries in this region and medical transcription is desired in all areas. Enjoy flexible hours and a solid income; become a medical transcriptionist today from the comfort of your own home! Call (318) 798-4177 for more information or email the instructor at info@medtranscription.com.

Instructor: Deborah Burns, Owner of Deborah’s Touch, Inc.
Course #: 17YPROMED

NEW! Clinical Medical $2,599
Assistant Program – 140 Classroom Hours w/ a Clinical Externship

This program is intended for students who want to prepare for an exciting, challenging, and rewarding career in healthcare. This program will train students to assist physicians by performing functions related to the clinical responsibilities of a medical office. Instruction includes, among other things, preparing patients for examination and treatment, routine laboratory procedures, diagnostic testing, technical aspects of phlebotomy, and the cardiac life cycle. This program includes 140 hours of classroom lecture and a hands on lab and clinical externship opportunity at a local healthcare provider. To be eligible for the clinical rotation, students must successfully complete the 140 hour program, submit to a thorough background check, undergo screening, and meet other requirements.

Note: Upon successful completion of this program, students would be eligible to sit for the National Health Career Association (NHA) Certified Clinical Medical Assistant (CCMA) national examination. This course includes Textbooks.

Instructor: CCI

NEW! Medical Billing and Coding Program $1,899

This combined 80 hour billing and coding course offers the skills needed to solve insurance billing problems, how to manually file claims (using the CPT and ICD-10 manual), complete common insurance forms, trace delinquent claims, appeal denied claims, and use generic forms to streamline billing procedures. The course covers the following areas: CPT (Introduction, Guidelines, Evaluation, and Management), specialty fields (such as surgery, radiology and laboratory), ICD-10 (Introduction and Guidelines), and basic claims processes for medical insurance and third-party reimbursements. Students will learn how to find services and codes using manuals (CPT, ICD-10 and HCPCS).

Note: After obtaining the practical work experience (6 months to 2 years), students who complete this course could be qualified to sit for the American Academy of Professional Coders (AAPC) - Certified Professional Coder Exam (CPC or CPC-H Apprentice), the American Health Information Association (AHIMA) Certified Coding Associate (CCA) exam, and/or other National Certification Exams. This course includes Textbooks.

Instructor: CCI

NEW! Home Healthcare Aide $1,499

Home Healthcare Aides assist patients in their homes by focusing on their specific health and personal needs. Emphasis is on giving personal care in a client’s home, communications, working with ill persons, basic human needs, eldercare, nutrition, special diets, and home management. Home Healthcare Aides also work in hospitals, clinics, rehabilitation centers, home care, long-term care facilities, hospice, and assisted living facilities. Detailed course topics and review include: the role of the home health aide, client relationships, infection control, hospice care, anatomy and physiology, medical terminology, dressing and personal grooming, foot care, nutrition, and other relevant topics. Note: In addition to the responsibilities of a Home Healthcare Aide, this program will prepare students to sit for the National Association for Home Care & Hospice (or the “NAHC”) “Home Care Aide Certification” examination through the NAHC’s Homecare University Program. This course includes Textbooks.

Instructor: CCI

NEW! Current Drug Trends $69

Drugs are responsible for the degradation of our society and at the root of most crimes committed in the United States, ranging from domestic violence to murder. This course will educate students, parents, teachers, and all citizens, because drug abuse affects everyone. All the information provided is not from a textbook, but from a veteran Narcotic Agent with first-hand knowledge of life in the drug world. Lt. Townley recently retired with 32 years as a Law Enforcement Officer, with the majority of his career spent in drug enforcement.

Instructor: Lt. Carl Townley

Practical Nursing Program

More than 383 students have completed the LSUS Continuing Education PN Program… you could be next!! The Practical Nurse (PN) is an integral part of the health-care team, working under the direction of a licensed physician, optometrist, dentist, or registered nurse. The LSUS CE PN program is approved by the Louisiana State Board of Practical Nursing. Upon satisfactory completion of the program, you will be prepared to sit for the national licensor exam for Practical Nursing (NCLEX-PN).

LSUS offers two Practical Nursing programs:

**Day (12-month/ 3 semesters)**
- Classes are held Monday thru Friday from 8:00am to 4:00pm (6:45am to 3:15pm for clinicals) for a total of 1,540 clock hours (730 theory and 810 clinical).
- For more information, call Ladecra Cooper at (318)-798-4173. The next day program begins September 2017.
- **Application Deadline: June 2, 2017.**

**Evening (20-month/ 5 semesters)**
- This program is perfect for those individuals who work full-time. It will be held Monday thru Thursday from 5:00pm-10:30pm for a total of 1,540 clock hours (730 theory and 810 clinical).
- For more information, call Ladecra Cooper at (318)-798-4173. The next evening program begins September 2017.
- **Application Deadline: June 9, 2017.**

**Admissions Information**

To be considered for either Program, all applicants must provide the following by the deadline dates listed:

1. LPN Application, $20 application fee
2. Essay on why you want to be a nurse & why you chose our program
3. Official high school transcript or GED/HISET
4. Original Birth Certificate (personnel will copy)
5. Official test scores on approved standardized tests within 3 years.
6. Official transcripts from all colleges or universities previously attended.

**Practical Nursing Program (Cont.)**

If test scores are not provided, applicants must pass the TABE test. This test is offered at LSUS for $30, Monday-Friday, at 9:30am OR 1:30pm. You must schedule an appointment. Call Cheryl at (318) 798-4177 to schedule an appointment. Payment MUST be made at time of scheduling.

**Program Costs (approximate)**

Day (12-month/ 3 semesters)-$14,161.99
Evening (20-month/ 5 semesters)-$14,320.30

The price is subject to change.

Payments for this program are made on a per-semester basis. Financial Aid is available for those who qualify. For more information, call Ladecra Cooper at (318) 798-4173 or via email, Ladecra.Cooper@lsus.edu

**Professional Growth**

**NEW! State of Louisiana $309**

**Pre-Licensing Insurance Courses**

Individuals must complete a Louisiana Pre-licensing course of study for the lines of authority desired before taking any examination. This course curriculum is needed by most people to pass the comprehensive and challenging Louisiana State Examination. The Pre-licensing course must consist of (40) classroom hours per line of authority, or equivalent individual instruction, on the general principles of insurance for that line of authority. This insurance Pre-licensing course will explore the general principles of insurance and the specifics of Property and Casualty Insurance—or Life, Health, and Accident Insurance. Our courses have been accredited by the Louisiana Department of Insurance and have earned one of the highest pass ratios throughout the entire State of Louisiana. Upon completion of the course, the candidate will be presented with a 40 hour Certificate required to take the final State Exam.

**Instructor:** Dr. Richie Bell (Statewide Insurance Specialists Services)

**Life, Health, & Accident Insurance**

**Session 1:**
- Thursdays & Fridays, May 18 – May 26, 8:00am – 6:00pm
- Course #: 17SPROINS028
- Register by May 12 and pay $289!

**Session 2:**
- Thursdays & Fridays, July 20 – July 28, 8:00am – 6:00pm
- Course #: 18UPROINS001
- Register by July 14 and pay $289!

**Property & Casualty Insurance**

**Session 1:**
- Thursdays & Fridays, April 20 – April 28, 8:00am – 6:00pm
- Course #: 17SPROINS030
- Register by April 14 and pay $289!

**Session 2:**
- Thursdays & Fridays, June 22 – June 30, 8:00am – 6:00pm
- Course #: 17MPROINS001
- Register by June 16 and pay $289!

**NEW! Job Search Strategies $119 and Trends**

Are you wondering what you can do to give you the edge needed to get the job or interview you really want? Do you feel as if the job market has changed so much that you feel a bit overwhelmed …or you are new to the job market and feel you are at a disadvantage because you don’t know what to expect? If you answered yes to any of these questions, this is the course for you! In this course we will discuss market trends and tools that will enhance your employability. This course will give you a practical view of strategies that have proven to be effective in a productive job search, or career enhancement.

**Instructor:** Sonja Lester

Mondays, July 10 – July 24, 5:30pm – 7:30pm
Course #: 18UPROCAR043
Register by July 4 and pay $99!
Exam Prep

ACT Summer Institute  $299
The LSUS ACT test preparation program covers skills needed for success on the ACT. The ACT Summer Institute consists of 20 hours of classroom instruction covered in an intensive one-week format. The Summer Institute features instruction from an ACT test preparation expert and extensive online review tools. Our comprehensive program emphasizes the ACT test components: Test Taking Strategies, Question Formats, Math, English, Reading Comprehension, and Science Reasoning.

Students receive in-depth review of the exam materials, insight into strategies for succeeding on standardized tests, and a comprehensive study plan. Class sessions use real test questions to show just how these skills are tested. The course fee includes all classroom and online sessions and course materials.

Students also receive access to online review sessions and open office hours in the time leading up to fall exam dates.

Session 1:
Monday- Thursday, June 5 – June 8,
9:00am – 3:00pm
Course #: 17MYOUACT083
Register by May 30 and pay $249!

Session 2:
Monday- Thursday, July 24 – July 27,
9:00am – 3:00pm
Course #: 18UYOUACT084
Register by June 23 and pay $249!

GRE Prep Course— $599
Advance your degree!

Seeking a graduate degree? Let us help you take the first step to an advanced degree! The Live-Online GRE Test Prep course from LSUS will give you the skills and confidence you need to maximize your performance on the GRE. Sharpen your skills on actual GRE exam questions and follow our proven study plan on your way to success.

Tuesdays & Thursdays, June 6– June 29,
6:00pm – 9:00pm
Course #: 17MYOUGRE085
Register by May 31 and pay $549!

Private Investigator Exam Prep $355
Be a Private Investigator!
LSUS IS ONE OF THE TOP 25 PRIVATE INVESTIGATION TRAINING PROGRAMS IN THE U.S. In this comprehensive course, you’ll take your first step towards entering the exciting career of private investigations—passing the Louisiana Private Investigator License Exam!
(Note: Licensing exam is offered on Sunday, July 2, 2017 at 2 p.m., immediately after the course is completed. A $50 check or money order is required and must be made payable to LSBPIE. Discounts do not apply. Per the LSBPIE, this course does not qualify for Private Investigator License CEUs beyond the first year.)

For more information, please visit the LSBPIE Baton Rouge Online website: lsbpie.com

Instructor: Henry Bennett, Private Investigator
Thursday – Sunday, June 29 – July 2,
8:00am – 7:00pm
Course #: 17MPROXMP004
Register by June 23 and pay $335!

LSUS Online Test Prep Courses:
If you plan to enroll in an undergraduate studies program or attend graduate school, law school, or business school, LSUS Continuing Education can help you reach your academic goals with test preparation courses for the ACT, GRE ®, GMAT ®, LSAT ®.

Standardized test scores on the ACT, GRE, GMAT, LSAT are a major component of your college or graduate school application process. These tests play a significant role in determining the future of your education. Standardized tests help determine your admission status and are often used in awarding merit-based scholarships, grants, fellowships, and assistantships. Let LSUS’s Test Prep program help you prepare for and ace these important exams!

ACT Live Online $299

Students receive in-depth review of the exam materials, insight into strategies for succeeding on standardized tests, and a comprehensive study plan. Class sessions use real test questions to show just how these skills are tested. The course fee includes all course materials.

Students receive access to online review sessions and open office hours in the time leading up to fall exam dates. Check our website at www.ce.lsus.edu for a list of start dates. If you register 6 days before the class begins you can get the early bird price of $249!

GMAT Live-Online $599
Enjoy the quality of a traditional classroom GMAT Prep Class from the comfort and convenience of your home. The online class format is delivered by a live instructor, providing the interactivity of a classroom experience and the convenience of an online course. Sessions are recorded and made available for review. This comprehensive course includes a review of the mathematical and verbal concepts tested on the GMAT, and prepares you for the questions typically seen on the GMAT. The critical reasoning skills tested on the new Integrated Reasoning and Analytical Writing sections of the GMAT are also addressed. Course materials are included and shipped directly to you. Check our website at www.ce.lsus.edu for a list of start dates. If you register 6 days before the class begins you can get the early bird price of $549!
**GRE Live-Online**  $599

Get ready for graduate school with 24 hours of quality live-online instruction. The program is delivered in an easy to follow format and taught by an expert instructor. This interactive class is designed to provide you with the skills necessary to succeed on each section of the GRE. Live lessons give you the opportunity to participate in class discussions and in-class learning exercises. Each session is recorded so that you can watch and review the lessons on your own time. Course materials are included and shipped directly to you. Check our website at www.ce.lsus.edu for a list of start dates. If you register 6 days before the class begins you can get the early bird price of $549

**SAT Live-Online Blitz**  $299

SAT Blitz Live-Online sessions provide all the same preparation of the traditional classroom sessions from the comfort and convenience of your home. The online class format is delivered by a live instructor, providing the interactivity of a classroom experience and the convenience of an online course. Sessions are recorded and made available for review. These courses meet once or twice a week and include 16 hours of instruction. Courses are conveniently scheduled in the weeks leading up to the most popular SAT dates. Check our website at www.ce.lsus.edu for a list of start dates. If you register 6 days before the class begins you can get the early bird price of $249

**LSAT Live-Online**  $699

This interactive online class includes 30 hours of instruction from LSAT experts. Students participate in class and practice new skills through structured assignments, practice exams, and in-class exercises. Students will learn new skills for solving the complex logic games found in the Analytical Reasoning section. Easy-to-apply strategies and skills help students improve their score on the Logical Reasoning and Reading Comprehension sections of the exam. This course is ideal for law school applicants seeking the flexibility of an online class and the interactivity of a traditional classroom experience. Course materials are included and shipped directly to you. Check our website at www.ce.lsus.edu for a list of start dates. If you register 6 days before the class begins you can get the early bird price of $649

**NEW! 3D Printing 101**  $119

Every day more and more companies adopt 3D printing as a tool for product design, prototyping, and manufacturing. This increasing application of 3D printing has resulted in high demand for employees who know how to use a 3D-printer. According to the recent data, 35 percent of all engineering jobs now require 3D printing skills. At the same time, companies experience difficulties finding candidates with the required skills. This 3D printing training course will provide you with essential 3D printing knowledge and skills. Upon completion of the course, you will receive a certificate of completion.

**Instructor:** Konstantin Dolgan, PhD

**Course #:** 17MPROCAR017

Register by May 28 and pay just $99!

---

**NEW! Color Pencil Drawing**  $129

In this class, students will gain a basic understanding of best practices and beginner techniques for colored pencil drawing. I will begin by setting up a still-life scene that the students will draw from life. As the drawings progresses, I will share colored pencil tricks and techniques for correcting mistakes. You will need the following supplies: Color Pencils PRISMA, drawing pad, hand held pencil sharpener, sticky tack, Q-Tips or blender brush, soft brushes and scotch tape.

**Instructor:** Jeanie Clarkson

**Course #:** 17MLEIART064

Register by June 13 and pay $109!

---

**NEW! Basic Herb Gardening**  $89

In this class you will learn to plan your herb garden, from selecting your location, propagating new plants, starting seeds, and bringing the bounty into the kitchen for oils, vinegars and seasoning blends.

**Instructor:** Rose Kelly

**Course #:** 17MLEIGAR037

Register by May 24 and pay $69!
NEW! Introduction to American Sign Language  $209

In this class we will focus on the basic lexicon and structure of American Sign Language (ASL). Appropriate vocabulary, grammar, and social behavior are introduced to develop conversational skills in ASL. Information about the Deaf Community and Deaf culture will be introduced. This course is designed for students who have little or no previous knowledge of ASL. The book is included in the cost of the class.

Instructor: David Hylan
Tuesdays, May 30 – July 11, (Skip 7/4)
6:00pm – 9:00pm
Course #: 17MLEILNG036
Register by May 24 and pay just $189!

NEW! Color Pencil Drawing  $129
Intermediate

In this class, students will use their own reference photos or imagination to create a composition. They will use the techniques and skills learned in the first part to produce an individualized piece that exceeds what they thought they could accomplish. Students may use the fundamentals learned in this class to continue their colored pencil artwork going forward.

You will need the following supplies: Color Pencils PRISMA, drawing pad, hand held pencil sharpener, sticky tack, Q-Tips or blender brush, soft brushes and scotch tape.

Instructor: Jeanie Clarkson
Mondays & Thursdays, July 10 – July 20,
6:00pm – 8:00pm
Course #: 18ULEIART065
Register by July 4 and pay $109!

Understanding Money  FREE!

Every wonder why you never seem to have enough money? Learn how to prepare and work with a personal budget, how to manage credit cards responsibly, and start putting some money away for savings. Also, attain some information on how to keep your assets and identity safe.

Instructor: Andrea McKnight
Wednesday, July 19, 1:30pm - 3:30pm
Course #: 18UPROPFN048

NEW! Refuse to be a Victim  $69

With everything that is going on in the world, protect yourself and avoid being a victim. This class will teach you strategies that you can integrate into your everyday life to avoid becoming a victim of crime. This is not a firearms instruction course, and does not include instruction in physical combat self-defense. Seminars teach common weaknesses that criminals may take advantage of, and a variety of corrective measures that are practical, inexpensive, and easy to follow.

The seminar includes classroom instruction on criminal psychology, automobile crimes, cyber safety, home security, and a variety of crime prevention strategies, including carjack avoidance techniques, use of personal safety devices, and more. Students receive the Refuse To Be A Victim® brochure, NRA Become A Refuse To Be A Victim® Instructor Brochure, Refuse To Be A Victim® Firearms Supplement, and a course completion certificate.

Instructor: Don Huguley

Course #: 17MPROPFN045

Session 3
Thursday, July 6, 12:00pm - 2:00pm
Course #: 18UPROPFN046

Session 4
Thursday, August 3, 2:00pm - 4:00pm
Course #: 18UPROPFN047
Introduction to Mindfulness and Meditation

Anapanasati is historically the oldest meditation practice that originates in the Buddhist tradition. Meditation was already an ascetic practice when the Buddha was born. Anapanasati is his version of meditation stripped down to its essentials, with all particular religious considerations set aside. I have simplified the ancient practice and rephrased the terminology for our time and culture. This course is not a course in Buddhism, nor do you have to accept a Buddhist doctrine to learn and practice it. You will learn meditation as a human phenomenon; meditation in the world’s religions; the subjective world; the cultivation of breath; how to reduce brain chatter; intending silence; the practice of interior silence; the body from within; body scan technique; the practice of body awareness; how to analyze emotion in meditation; interior body scan technique; the place of emotion in meditation; summary; companionship in meditation and how to continue from here.

Instructor: Buddy Landry
Mondays, July 3 – July 24, 7:00pm - 8:30pm

**Gift Certificates**

Surprise or Reward someone with A GIFT OF LEARNING! Gift Certificates are available for any occasion, weddings, birthdays, anniversaries, Christmas, graduations, showers, or just for fun! Give a specific class or, an amount and let them choose. Go to our web site: www.ce.lsus.edu, to view the classes available. To purchase a gift certificate, please call 318-798-4177.

**Testing Center**

LSUS offers variety of testing & proctoring services! The testing & proctoring services are available Monday – Friday at 9:30 am OR 1:30 pm through the Division of Continuing Education. Appointments are mandatory. Administrative fees will apply. Please call Cheryl at (318) 798-4177 to schedule an appointment. Payment is required when scheduling appointment.

**Pioneer Heritage Center**

The Pioneer Heritage Center-LSUS Museum houses, founded in 1977 as a joint project of Louisiana State University in Shreveport and the Junior League of Shreveport, interprets the unique culture and social history of northwest Louisiana from the 1830’s to the end of the 19th Century, the period of settlement for our area.

Trained and period-dressed guides conduct interpretive tours that use all the structures and related artifacts to demonstrate the region’s early fold architecture and history. The authenticity of everything in the Center is ensured by many primary sources: original letters, diaries, ledgers, plantation records, successions, interviews, photographs, and other archival materials of the period.

Please see www.lsus.edu/offices-and-services/community-outreach/pioneer-heritage-center For more information, call (318)797-5339 or email pioneer@lsus.edu

**Facility Rentals**

Save time and money by taking advantage of the wonderful facilities that LSUS has to offer for your next event, whether it’s half day or all day. Please see our website www.ce.lsus.edu for Facility Rental information and pricing, call Cheryl Irvin at (318) 798-4177, or via email to cheryl.Irvin@lsus.edu.

- Compressed Video Labs, Conference Rooms, Computer Labs, Equipment, Classrooms
- University Center Theater, Ballroom, Meeting rooms

Or, if you need a larger space for your family reunion, wedding reception, business planning meetings, or award luncheons, please visit the web site for the University Center (Student Union). Please call, 797-5393, visit the web site at http://www.lsus.edu/student-life/university-center or email UC@LSUS.edu

**Registration Information**

**Parking Permits:** Your confirmation letter is your Parking Permit. This is mailed or emailed upon receipt of your registration and payment. Please read the permit carefully and display it on the dashboard of your vehicle while on campus.

**Holidays:** The University will be closed on April 14, 2017, May 29, 2017, and July 4, 2017.

**Gift Ideas:** LSUS Continuing Education offers many programs that would be an ideal gift for friends and relatives. Give the Gift of Learning. Ask about our gift certificates. Or, Make it yourself! Choose from a variety of programs in which you can make the gift yourself, such as jewelry, dance, cake decorating and more. Call 798-4177 for information.

**Disclaimer:** All course fees and times listed within this catalog are subject to change without prior notice. Our staff will make every attempt to contact you by phone or email. For up-to-date information, please visit our website at www.ce.lsus.edu.

**Unpaid Attendance Policy:** All courses held through the LSUS Continuing Education require PAYMENT IN FULL before students may attend classes. Students MAY NOT bring an unpaid guest to a class. Students not pre-registered will not be allowed to continue in the class.

**Join LSUS CE on**

Refund Policy: Certain programs deem different policies regarding discounts and refunds. Such programs include the Basic Motorcycle Rider Safety Course, Medical Transcription A-Z: A Premier Home Study Course, the Practical Nursing Program, and online courses. For more information, please view the courses on our website at www.ce.lsus.edu or call (318) 798-4177.

For all other programs, a 90% refund will be issued if the request is received FOUR (4) business days before the class begins (please see exceptions above). As many of our classes have handout materials, books, etc., no refund will be issued after the four business-day rule. LSUS reserves the right to cancel a class due to insufficient enrollment. If such a cancellation occurs, a 100% refund will be issued in the form of a check via U.S Mail.

Disability Statement: Please note that some university buildings are not fully accessible for persons with disabilities. If you have a disability which requires special assistance for your participation in any course, please contact us at (318) 798-4177. We must receive your request at least 10 business days prior to the first class date to accommodate any special needs.
